We have completed our review of the [redacted] military intelligence lexicon and pose no objections to its publication subject to the following: b3 Per DIA

b3 Per DIA

b5 Per DIA

-As previously noted, several charts/figures are not included: Figure 1 under "Contingency Planning Process"; Figures 2 & 3 under "Estimative Probability"; Figure 1 under "Strategic Warning Pre-decision Time." If the material in these figures pertain to DIA equities, we request the opportunity to review it.

-Also, reiterating a comment from our preliminary review [redacted] has included a substantial amount of material in this version of his lexicon that we feel merits review by those organizations who have equities in it, to include [redacted] b3 Per DIA

If you have questions or require additional information, please let us know.

Thank you.

We are just beginning our review, as we received the lexicon from [redacted] this week. I can take your email below your request for DIA review of the document. b3 Per DIA

Several initial comments, though, based on our initial, preliminary review:

-Roughly half of the material was reviewed and cleared previously in 2005 in a document that eventually was published. However, there is a significant amount of new material. From our standpoint, this essentially is a new document.

-We note that several charts/figures are not included: Figure 1 under "Contingency Planning Process"; Figures 2 & 3 under "Estimative Probability"; Figure 1 under "Strategic Warning Pre-decision Time."

-More importantly, having now gone through the document, we note that there are other agencies' equities in the document. Review by multiple organizations seems warranted. [redacted] b7E -3 Per FBI
[redacted] and we would recommend review by those organizations as well.

If you have questions or would like to discuss further, please let me know.
Thank you.

Just for clarification, has your office already conducted a review of [redacted] manuscript? If so, did you b3 Per DIA
have any concerns regarding its publication? Please let me know what you need me to do to facilitate DIA's

Understand that the work may have been accomplished principally during your tenure at DIA. I briefly discussed this matter with [redacted] in FBI's Prepublication Review office, and now that you are an FBI employee, we believe that it appropriate to adhere to FBI policy and procedures regarding prepublication review and that you submit the lexicon to that office. Then, as necessary, the FBI will refer the lexicon to those agencies, like us, who have equities in it.

I have copied [redacted] on this note.

Am glad to discuss this further.

I wrote this dictionary during my entire time at DIA (over the last 3 years). However, earlier this month transferred to the FBI, where I am currently in training. Most of the terms are military intelligence related, and the fact that I finished it before my transfer, which is why I'm running it by your office. Please let me know if this is a problem.

Could you please review this manuscript for public release. It is based on the dictionary that was already approved and was published in 2005. Since then, I've doubled the number of entries....includes 1300 words.

Please let me know if you have any questions.
